

MAGNETIC DRILLING UNITS

A-716 – 5/8"

Compact and versatile

When your production requires the versatility of a magnetic unit and a full featured, powerful hand held drill, you can't beat this combination. Mounting and removing the drill is simple and fast.

ADJUSTABLE SOLID BRASS GUIDES

Slides have exclusive dovetail guiding, feeding is smooth and vibration-free.

DOUBLE COIL MAGNET

Provides more holding power on thinner materials. Windings are sealed off and protected.

Model	Order No.	Speed under load	Motor	Capacities		Reversing	Weight	Price \$ Each
				Twist drill	Hole saw			
A-716	39-D 716	0-430/760 rev.	120V A.C.	5/8"	3"	Yes	41 lbs.	2660.00

STANDARD EQUIPMENT: 5/8" keyed chuck 22-A 072 (\$104.00), chuck key 22-A 202 (\$10.75), side handle 48-E 063, mounting bracket (53/43 mm), built-in receptacle, safety strap 48-J 072 and 2-hexagon keys.

Special top-up lubricant 48-Z 353 \$9.50

STRAIGHT DRILL 716 – 5/8"

End handle drill with super power heavy duty motor and 2-speed gear box. Use the low speed to drill large holes with extra torque and the high speed to drill small holes. The reversing feature makes this drill also suitable for tapping applications.

Model	Order No.	Speed under load	Motor	Max. torque	Amps	Capacities - Steel		Weight	Price \$ Each
						Twist drill	Hole saw		
716	38-A 716	0-430/760 rev.	120V A.C.	30/17 Nm	9.2	5/8"	3"	9 lbs.	745.00

STANDARD EQUIPMENT: 5/8" capacity keyed chuck 22-A 072 (\$104.00), chuck key 22-A 202 (\$10.75), side handle 48-E 063 and 9 ft. cord.

A-718 – 5/8"

Lightweight and powerful.

Powerful magnetic drilling unit with two-speed gearing for extra muscle when drilling large holes and for faster drilling of small holes. Compact and lightweight for accurate drilling in hard to reach areas.

ADJUSTABLE SOLID BRASS GUIDES
Smooth, vibration-free operation.

SPILL RESISTANT CONTROL PANEL
Reliable, long lasting, easy to use.

STRONG DOUBLE COIL MAGNET WITH PROTECTIVE CLADDING
Provides more holding power on thinner materials.

Model	Order No.	Speed under load	Motor	Capacities		Weight	Price \$ Each
				Twist drill	Hole saw		
A-718	39-D 718	430/760	120V A.C.	5/8"	3"	41 lbs.	2640.00

STANDARD EQUIPMENT: 5/8" capacity keyed chuck 22-A 072 (\$104.00), chuck key 22-A 202 (\$10.75), mounting bracket (53/43 mm), built-in receptacle, safety strap 48-J 072 and 2 hexagon keys.

Special top-up lubricant 48-Z 353 \$9.50

STRAIGHT DRILL 718 – 5/8"

Extra heavy duty drill motor for production and industrial maintenance applications. Compact design ideal for use with a magnetic drill stand or an existing drilling jig. Powerful motor with 2-speed gear box delivers speed and torque for a wide range of drilling applications.

Model	Order No.	Speed under load	Motor	Max. torque	Amps	Capacities - Steel		Weight	Price \$ Each
						Twist drill	Hole saw		
718	38-A 718	430/760	120V A.C.	30/17 Nm	9.2	5/8"	3"	9 lbs.	725.00

STANDARD EQUIPMENT: 5/8" capacity keyed chuck 22-A 072 (\$104.00), chuck key 22-A 202 (\$10.75) and 9 ft. cord.
